The year-to-date revenue is 38% of the adjusted budget of R 949 million. The expenditure is 7% below the year-to-date budget.

The reasons for the variances in some of the income and expenditure items are as follows:

Sale of Goods and Rendering of Services

| | | Sale of land | | | | | | | |
|-------------------------------------|--------------------------|---|--|--|--|--|--|--|--|
| Project - | Estimated income value - | Progress - | | | | | | | |
| Bergsig GAP (KN01/2024-25) | 1 575 415 | The total contract value amounts to R 1.3 million. Of this amount, R 117 054 has been received as deposits to secure the purchase, and a further R 327 850 has been received as full payment for completed transactions. In terms of the Deed of Sale, each purchaser is required to pay the full purchase price within 120 days from the date of signature. It should be noted that the 120-day deadline differs for each purchaser, based on their individual date of signing. Failure to comply with the relevant payment deadline will constitute a breach of contract, and the Municipality will take the necessary action in line with the provisions outlined in the Deed of Sale. | | | | | | | |
| Sale of Erf 1274 Greyton | 1 400 000 | Awaiting finale signed Deed of Sale from Department of Infrastructure | | | | | | | |
| Sale of Victoria Hall Caledon | 9 532 350 | Awaiting finale signed Deed of Sale from Department of Infrastructure | | | | | | | |
| Sale of Erf 911 RSE | 2 000 000 | Disposal process to be presented to BSC by end of November 2025 | | | | | | | |
| Sale of 73 Industrial Erven Caledon | 8 195 440 | Tender was only cancelled 21 October 2025. New Disposal process must be initiated | | | | | | | |
| Total Projected income 2025/26 | 22 703 205 | | | | | | | | |

Deposits have been received but are captured in a deposit account (general ledger vote). The transfer costs must first be paid before the transaction will appear on the Sale of Land post.

Agency services

Monthly budget allocations are determined by the monthly actuals from the previous financial year. Compared with the year to date budgeted cashflows, the year to date for revenue recognition is ahead.

Interest from Current and Non-Current Assets

The cash balance available for investments is lower than anticipated during the budget process.

Operational Revenue (Exchange Revenue)

The item includes ad-hoc types of revenue streams that vary from month to month.

Fines, penalties and forfeits

Revenue is based on a cash basis, while budgeting is based on an accrual basis. This will be corrected at the end of the financial year.

Operational Revenue (Non-Exchange Revenue)

Other Revenue - Debt Waived (Eskom)

The Eskom debt waiver amounting to R 6 million for the full year is included in the budget. The debt waiver will come into effect when agreement between the Municipality and Eskom is instituted.

Gains on disposal of Assets

Gains for disposal of assets will only realise when an auction is held or properties has been transferred at the deeds office.

Interest (Finance cost)

For November, there was no interest paid. Interest is paid bi-annually, in June and December. There are only three loan payments due in September and March. Finance charges on overdue Eskom account for R 3 million and finance charges on overdue account for R 133 thousand are also included in the year to date actual figure.

Reason for a negative on "Other" under Debtors Age Analysis by Income Source:

A significant portion of the credit balance under Debtors Age Analysis by Income Source "Other (0–30)" consists of payments in advance that are captured as part of the debtor's system. These advance payments are recorded as credits on the relevant consumer accounts until such time as the associated charges become due.

Below are some examples of credit balances reflecting on the debtors' accounts, mainly due to overpayments:

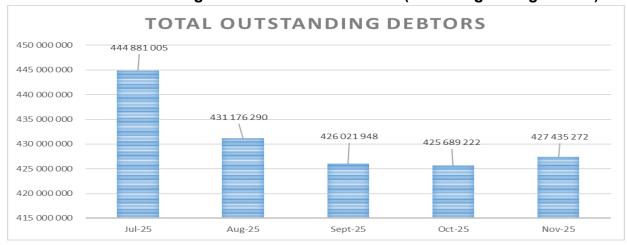

- Department of Public Works: The account reflects an amount of R 1,08 million. The overpayment occurs when schedules as to how the monies must be allocated are not provided by the Department.
- Commercial properties: The account reflects an amount of R 1,28 million.
- Non-indigent households: The account reflects an amount of R 2,9 million.

In addition, there are dormant accounts that still reflect credit balances in all of the above accounts.
