

FINANCIAL REPORT ITEM: SECOND QUARTER 2025 – 26 (OCT 2025 – DEC 2025)

INTRODUCTION / AIM

The purpose of this report is to inform the Council on the current financial state as of 31 December 2025.

LEGAL REQUIREMENTS

The report for the second quarter (October 2025 – December 2025), prepared in terms of **Section 71 of the Municipal Finance Management Act, Act 56 of 2003**, is submitted to Council in terms of **Section 72 and 52 (d) of the Municipal Finance Management Act, Act 56 of 2003** which reflects the implementation of the budget and the financial state of affairs of the municipality.

BACKGROUND

Attached is the **Financial Report** for the month of December 2025, which reflects the implementation of the budget, and the state of the municipality's financial affairs.

The Financial Report consists of the following financial reports:

1. Executive Summary
2. Capital Expenditure
3. Operating Revenue and Expenditure
4. Cash and Investments
5. Borrowings
6. Grants
7. Debtors
8. Creditors

FINANCIAL IMPLICATION

As per attached report.

RECOMMENDATION

It is recommended that:

1. **Council notes the Monthly Budget Statement, Performance and supporting documentation as of 31 December 2025.**

BUDGET STATEMENT

DECEMBER 2025

THEEWATERSKLOOF MUNICIPALITY

In-Year Report of the Municipality

Prepared in terms of Section 71, 72 and 52 of the Local Government: Municipal Finance Management Act (56/2003) and Municipal Budget and Reporting Regulations, Government Gazette 32141, 17 May 2009.

2025/2026 FINANCIAL YEAR

GLOSSARY

Allocations – Money received from Provincial or National Government or other municipalities.

Budget – The financial plan of the Municipality.

Capital expenditure - Spending on assets such as land, buildings and machinery. Any capital expenditure must be reflected as an asset on the Municipality's balance sheet.

Cash flow statement – A statement showing when actual cash will be received and spent by the Municipality. Cash payments do not always coincide with budgeted expenditure timings. For example, when an invoice is received by the Municipality it is shown as expenditure in the month it is received, even though it may not be paid in the same period.

DORA – Division of Revenue Act. Annual legislation that shows the total allocations made by national to provincial and local government.

Equitable share – A general grant paid to municipalities. It is predominantly targeted to help with free basic services.

MFMA – Local Government: Municipal Finance Management Act (56/2003). The principle piece of legislation relating to municipal financial management. Sometimes referred to as the Act.

MIG – Municipal Infrastructure Grant.

MTREF – Medium Term Revenue and Expenditure Framework. A medium term financial plan, usually 3 years, based on a fixed first year and indicative further two years budget allocations. Also includes details of the previous and current years' financial position.

Operating expenditure – Spending on the day to day expenses of the Municipality such as salaries and wages.

SDBIP – Service Delivery and Budget Implementation Plan. A detailed plan comprising quarterly performance targets and monthly budget estimates.

Unauthorised expenditure – Generally, is spending without, or in excess of, an approved budget.

Vote – One of the main segments into which a budget of a municipality is divided.

PART 1 – IN-YEAR REPORT

SECTION 1 - EXECUTIVE SUMMARY

Introduction

In terms of Section 71 of the Municipal Finance Management Act, Act 56 of 2003 the Budget Statement for the period ended 31 December 2025, is submitted to Council which reflects the implementation of the budget and the financial state / position of the municipality.

This report presents a summary of the actual results compared to the budget.

The report has been prepared to give effect to the legislative requirements detailed in sections 52, 54, 71 and 72 of the MFMA.

Section 54 of the MFMA requires the Mayor to consider the Section 71, 72 and 52 report and take appropriate action to ensure that the approved budget is implemented in accordance with the SDBIP.

It should be noted that the C-Schedule does not align to the related data strings and transactional detail encapsulated in the financial system. The matter has been reported to the system vendor and is still work in progress to address alignment issues. Differences will therefore be noted between some of the tables in the C-Schedule, Section 71 monthly budget monitoring report and the related data strings.

A summary of the operating revenue and expenditure and capital expenditure is presented in the following table:-

Particulars	Capital Expenditure	Operating Revenue	Operating Expenditure
Original Budget	88 830 340	922 836 484	884 103 200
Adjustment Budget 13 October 2025	114 414 752	948 549 278	884 251 582
Actual Result (YTD)	21 771 567	469 311 959	388 167 359
Variance	92 643 185	479 237 319	496 084 223
Variance %	81%	51%	56%

Operating revenue currently reflects a variance of 51% and operating expenditure a variance of 56%.

Intercompany/Parent subsidiary transactions	—	—	—	—	—	—	—	—	—
Surplus/ (Deficit) for the year	58 554	38 733	64 298	34 761	81 145	21 455	59 689	278%	64 298

The year-to-date revenue is 49% of the adjusted budget of R 949 million. The expenditure is -6% below the year-to-date budget.

The reasons for the variances in some of the income and expenditure items are as follows:

Sale of Land

Project	Estimated income value	Comment
Bergsig GAP (KN01/2024-25)	R 1 575 415	Value has been reduced due to withdrawal from bidders
Sale of Erf 1274 Greyton	R 1 400 000	Awaiting finale signed Deed of Sale from Department of Infrastructure. Awaiting final Town Planning approval. Item will serve at Town Planning Tri-bunal early January 2026
Sale of Victoria Hall Caledon	R 9 532 350	Awaiting finale signed Deed of Sale from Department of Infrastructure. The Department did commit final payment of full amount at the end of their financial year (Mar-April 2026)
Sale of Erf 911 RSE	R 2 000 000	Disposal process to be presented to BSC January 2026
Sale of 73 Industrial Erven Caledon	R 8 195 440	Tender was only cancelled 21 October 2025. New Disposal process must be initiated. New proposed disposal must be presented to Council early 2026. This Item might stand over to 2025-26 as a new project.
Total Projected income 2025/26	R 22 703 205	

Agency services

Monthly budget allocations are determined by the monthly actuals from the previous financial year. Compared with the year-to-date budgeted cashflows, the year-to-date for revenue recognition is more than what was budgeted.

Interest from Current and Non-Current Assets

Cash balance available for investments is lower than anticipated in budget. Budget needs to be adjusted downwards.

Operational Revenue (Exchange Revenue)

The item includes ad-hoc types of revenue streams that vary from month to month. Examples of these ad-hoc revenue are Collection Charges, Insurance refunds, Incidental Cash Surpluses, Wayleave Admin Cost, Development Charges, Collection Charges, etc.

Fines, penalties and forfeits

Revenue is based on a cash basis, while budgeting is based on an accrual basis. This will be corrected at the end of the financial year.

Operational Revenue (Non-Exchange Revenue)

❖ Other Revenue - Debt Waived (Eskom)

The Eskom debt waiver amounting to R 6 million for the full year is included in the budget. The debt waiver will come into effect when agreement between the Municipality and Eskom is instituted.

Gains on disposal of Assets

Gains on disposal of Assets will only realise when an auction is held or properties has been transferred at the deeds office.

The Municipal Cost Containment measurements is required in terms of the Municipal Cost Containment Regulations (MCCR), 2019. The object of the regulation is in line with Sections 62(1)(a), 78(1)(b), 95(a) and 105(1)(b) of the Act (MFMA), is to ensure that resources of a municipality and municipal entity are used effectively, efficiently and economically by implementing cost containment measures. The national government has been aware of the need to contain costs and Cabinet resolved that all spheres of government, including municipalities and municipal entities must implement measures to contain operational costs and eliminate all non-essential expenditure. These can then be re-prioritized to address service delivery backlogs.

Reason for negative on “Other” under Debtors Age Analysis by Income Source:

A significant portion of the credit balance under Debtors Age Analysis by Income Source “Other (0-30)” consists of payments in advance that are captured as part of the debtor’s system. The advance payments are recorded as credits on the relevant consumer accounts until such time as the associated charges become due.

Below are some examples of credit balances reflecting on the debtors’ accounts:

- Department of Public Works – accounts reflect a credit balance of R 1.08 million due to overpayments. This occurs when they don’t provide us with schedules as to how the monies must be allocated.
- Commercial properties – credit balance of R 1.28 million, also resulting from overpayments.
- Non-indigent households – credit balance of R 2.9 million, mainly due to overpayments.
- In addition, there are dormant accounts that still reflect credit balances in all the above scenarios.

7.1 Debtors as of 31 December 2025

The total debtors outstanding as of 31 December 2025 is R 434 million, which represents a 1.5% difference from the previous month.

7.2 Movement in outstanding debtor's month-to-month (excluding arrangements)

7.3 Collection Ratio

Collection Ratio Year-on-Year Comparison

The revenue collection rate for Theewaterskloof municipality, as of 31 December 2025, is 83%, which is 1% higher than the same period last year.

The reasons and challenges are as follows:

- A service provider was appointed on 1 July 2025 to assist with debt collection on an ongoing process. The service provider contacted 37 debtors through various mediums like email and telephone calls, and as result collected R 609 thousand for the month.

The internal Debt Collection Department has carried out the following Activities.

DECEMBER 2025 SUMMARY	
Number of Debtors contacted telephonically	18
Number of answered calls	13
Number of unanswered calls, voicemail, does not exist, does not know debtor	5
Number of payment arrangements	19
Number of notices sent by email/post email	10
Number of section 129 notices issued	100

See below the outstanding amounts from the Annual Ratepayers who were already due to make payment. The necessary notices will therefore be issued to the respective debtors.

Total outstanding Annual Rates

ITEM	Amount
Total outstanding (Annual Rates Payer)	R 7 542 712,08
Arrangements (Annual Rates Payer)	R 1 225 520,52
Total Outstanding (Annual Rates Payer)	R 8 768 232,60

• **Credit Control Actions for the period ending 31 December 2025:**

Activity	December 2025
Pre-disconnection notices issued	3647
Credit control SMS's	2801
Disconnections	241
Reconnections	62
Arrangements	21
Extensions	854
Default Arrears List - Water	194 469 765
Default Arrears List - Electricity	6 960 532
Amount Collected - Water	2 117 400
Amount Collected - Electricity	5 222 205

Analysis:**Increase in Disconnections:**

Disconnections increased from indicating intensified enforcement against persistent defaulters. Reconnections also increased significantly, reflecting improved settlement of arrears following enforcement actions and year-end payment behaviour.

Decline in Payment Arrangements:

Payment arrangements decreased, suggesting reduced customer engagement in formal repayment commitments during December. This trend is likely influenced by holiday-related financial pressures and should increase in January 2026.

Despite reduced communication actions, revenue from collection improved:

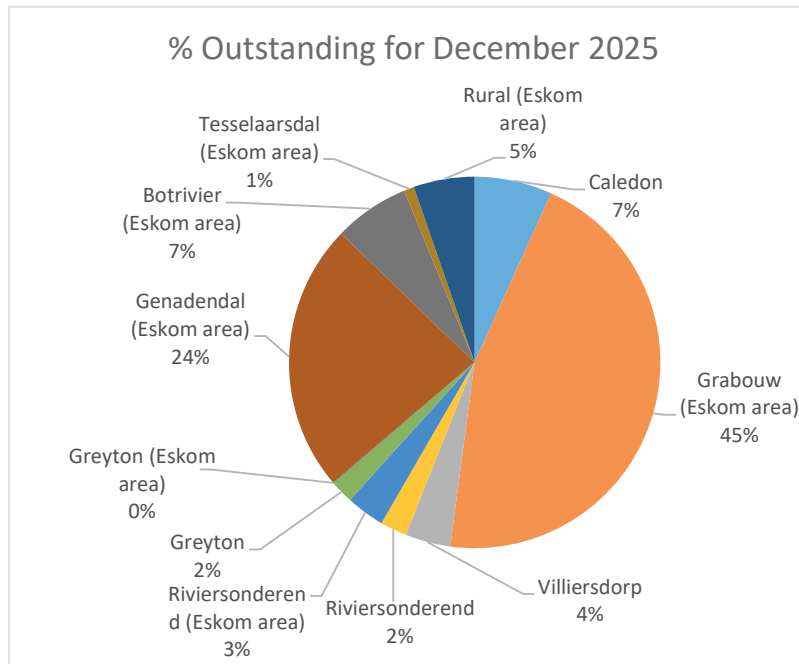

Water collections increased from R 1.93 million to R 2.12 million and electricity collections increased from R 3.47 million to R 5.22 million

Meter Replacement Backlog Impact:

Revenue performance remains constrained by the shortage of replacement water meters, delaying reconnections and new installations, directly impacting consumption billing and limiting full revenue recovery potential.

Credit Control Actions for the period ending 31 December 2025:**7.4 Outstanding debt per town as of 31 December 2025:**

December 2025		
Town	Amount outstanding for December 2025	% Outstanding for December 2025

TL28	Community Services	Basic Service Delivery	Basic services for all	65% of effluent samples comply with permit values ((% compliance of all WWTW's achieved / the number of WWTW's tested))	Average % achieved	Director: Community Services	58.35%	Independent Laboratory Test Results (IRIS System)	Last Value	Percentage	65%	65.29%	65%	65%	65.29%	G2	Target Well Achieved: Director: Community Services: Botriver: 23.13% Caledon: 46.75% Grabouw: 31.98% Riviersonderend: 82.88% Genadendal: 50.48% Villiersdorp: 47.72% Greyton: 80.10% Tesselaarsdal: 22.25%	Director: Community Services: Corrective actions to be implemented by the various towns that were non-compliant: Botriver: - Suspend sludge wastage until further notice - Expedite repairs of pumps Caledon - Repair faulty switchovers - Operate three aerators simultaneously to improve plant performance Grabouw (detailed report of mechanical failures attached) - Increase sludge wastage - Expedite repairs of the degritter - Expedite repairs of the settling tanks and damaged sludge return lines Villiersdorp 1. Reasons for not achieving 65%: The November 2025 STP report shows that we failed on the following: • E. coli and Faecal Coliforms: >2419 count/100ml (limit is 1000/100ml) • Suspended solids: 39mg/l (limit 25mg/l) A) Dewatering and Reduction of Total Suspended Solids (TSS) • One filtration pump has been repaired, delivered, and successfully reinstalled by the service provider. • The repair of the second filtration pump is pending. • Once both pumps are operational, sludge dewatering performance will improve, reducing excess solids entering the final effluent. • Servicing of the belt press is planned; TWK2 to be advertised for servicing, once the belt press has been serviced the filtration will be operational. Improved belt press efficiency will further enhance sludge handling and TSS reduction. • Enhanced dewatering will reduce hydraulic loading on downstream clarifiers and improve final effluent clarity. B) Disinfection Process Enhancement • The chlorine room was repaired and serviced during November 2025, restoring full dosing functionality. • This service and repairs is expected to improve disinfection reliability and assist in achieving compliance with E. coli and faecal coliform standards. • The maturation pond requires repairs to restore proper retention time, which is essential for effective chlorine contact and full pathogen removal. C) Screening Improvements • The inlet screen was repaired during November 2025 and is currently operational. • This will improve the removal of large solids at the head of works, reducing solids loading on the biological treatment process and clarifiers. • Improved screening also protects pumps and prevents blockages that may contribute to elevated TSS levels. D) Clarifier Cleaning and Process Optimization • Cleaning of Clarifier 1 is already underway to remove accumulated sludge, debris, and settled solids that have been contributing to carryover into the final effluent. • The cleaning will restore proper hydraulic function, improve settling efficiency, and reduce the risk of solids washout.

TL29	Community Services	Basic Service Delivery	Basic services for all	Limit unaccounted water to less than 20%((Number of Kiloliters Water Purchased or Purified - Number of Kiloliters Water Sold (incl free basic water) / Number of Kiloliters Water Purchased or Purified) x 100)	% unaccounted water captured in the report	Director: Community Services	16.10%	Quarterly Report from Technical Service to Director Community Services	Reverse Last Value	Percentage	22%	21.40%	22%	22%	21.40%	B	Target Extremely Well I Achieved: Director: Community Services: The Bulk Meter / Water Meter Audit Team is currently still in the process of conducting the water meter audit, and to date, significant progress has been achieved. During the implementation phase, the project experienced a few operational challenges due to resignations, which resulted in vacancies within the audit teams, specifically in Caledon, Villiersdorp, and Greyton/Genadendal. These vacancies had a direct impact on the operational capacity of the teams. Several re-submission were made to fill the vacancies following resignations which were rejected by the Municipal Manager and CFO notwithstanding that the funding is forthcoming from external EPWP grant funding. This resulted in non-compliance with section 139 of the FRP Implementation Plan under Phase 1: Rescue dealing with Material Losses: Water Losses - Loss control. However, the necessary replacement appointments have been concluded in January 2026. With the teams largely restored to capacity, the project is now in a position to proceed to Phase 3 in certain towns. This phase will include even where data could not previously be collected, while in other towns, there remain various areas that still need to be covered to complete data collection.
